Other Post-Employment Benefits Actuarial Study

Mr. Hamdan and Mr. Tom Bleick, Principal and Consulting Actuary from Milliman, presented the Other Post-Employment Benefits Actuarial Study and distributed a hand-out. An actuarial valuation under GASB 45 must be performed for plans with a total membership of 200 or more at least biennially. In order to comply with this requirement, KUSD requested that Milliman prepare an updated report. The report showed significant reduction in total liabilities as compared to the last report two years ago. Most of the reductions can be attributed to changes in the medical plan and the fact that retirees will now pay a larger portion of the total premium (up to 12%).

Mr. Bryan moved to forward the Other Post-Employment Benefits Actuarial Study to the full Board. Mr. Flood seconded the motion. Unanimously approved.
